Product Description

Outer Glove Goat Skin A-Strap Size 11

This is the most trusted and well known outer glove. Long lasting, tough, yet still easy to work in. This glove will out perform any other brand in the dexterity test and is perfect for line work or jointing tasks.

Goat Skin Gloves are AS/NZS2161.3:2005 and EN420 and EN388 approved.

- For class 00 and 0 gloves
- Kevlar stitching

In support of our policy of continuous product improvement we reserve the right to change materials and specifications without notice. Drawings, where used, are not to scale. All dimensions are in millimetres and sizes given are approximate. Where possible, technical MSDS data sheets are made available on the website. All products should be installed and used in accordance with manufacturer's instructions provided. Warning: products may be the subject of registered designs and patents. Refer to website for terms and conditions on warranty.

NOTE: It is our recommendation that leather outer gloves be worn as mechanical protection for insulating gloves. It is not required by the safety regulations that these gloves be worn. They will however prolong the life and increase the safety of your Insulating Gloves. Cotton gloves absorb sweat and stop rubber deterioration.
