NEW EASY FEATURES INSIDE!

# EASY LIVING

---

## **More time for living? Easy.**

Chef has a range of easy to use appliances that do the hard work for you – freeing you up to do the things you really enjoy. There are no unnecessary functions, just modern design, and features that matter. Simple. Making life easier is our passion, something we have been doing for over 70 years.

## **EASY**

<b>FREESTANDING COOKERS</b>	<b>16</b>
<b>LIKE TO KNOW MORE?</b>	<b>24</b>

# EVERYDAY SMART APPLIANCES? **EASY.**

At Chef, we make cooking appliances designed to free up the time you spend in the kitchen.

## **Easy choices**

They come with all the useful features you need, are efficient without being fussy, and add style.

## **Easy use**

The appliances in the Chef range are simple to use, easy to maintain and above all, will help make time spent in the kitchen more enjoyable.

# 4 EASY TIPS FOR CHOOSING YOUR OVEN.

These 4 easy tips should help you find the oven that suits your kitchen, your food and the way you like to cook.

The Chef 80L\* built-in ovens are large enough to meet all your cooking needs, whether it's the Sunday roast, a large lasagne or baking for friends and family.

Chef's latest ovens also have an innovative air-cooled door to reduce the surface temperature of the glass.

**The range of Chef cooking appliances has all the features you need in a design that you'll love.**

# 1

## WHAT SIZE DO YOU NEED?

---

Just measure the space you've got available in your kitchen to see whether a single, separate grill or duo oven is the best fit.

The main difference between sizes is their height (single = 600mm tall; separate grill and duo = 893mm) and capacity – their depths and widths are pretty much the same.

# 2

## WHERE WILL THE OVEN GO?

---

You've got 2 basic choices for the position of your 600mm oven: built-in to a cabinet above waist height or built-under a worktop below waist height.

# 3

## EASY CLEANING?

---

If cleaning isn't your thing, choose an easy cleaning pyrolytic oven.

Selected top range models use a high temperature pyrolytic system which turns dirt into ash that you simply wipe away – apart from the cloth for wiping away the ash, no cleaning products are needed.

# 4

## HOW DO YOU COOK YOUR FOOD?

---

If you do a lot of grilling, choose an oven with a separate grill to get more space and flexibility.

If you're into baking or want speedy oven cooking, fan ovens not only cook more evenly, but heat up quicker.

Like grilling, roasting and baking? No problem. Choose a multifunction oven and you can cook whichever way you want.

# COOKTOPS MADE EASY.

If you want straightforward solutions, choose from the range of Chef gas, ceramic or electric hobs.

All surfaces are easy to clean and can be installed into a bench top above the oven or almost anywhere in the kitchen.

Now with a better fit, feel and finish than ever before, Chef built-in cooktops are your key to great food.

## EASILY INSTALLED GAS COOKTOPS

Models with battery ignition to the hob means that no electrical connection is required making installation easy and fuss-free.

## PRECISE HIGH SPEED COOKING

The induction cooktop provides modern, precise and high speed cooking.

Induction works by coils under the surface of the cooktop creating an electro magnetic field, which conducts energy into the cookware. The cookware then becomes the generator of heat and the cooktop surface remains relatively cool. This makes for an easy to control energy efficient yet stylish solution.

### SIDE CONTROLS

Stepped controls on the side of the cooktop make it easy to determine the heat needed for great cooking results.

### EASY CLEAN CERAMIC

Not only does it look great, the durable glass surface on Chef ceramic cooktops are easy to clean, ensuring your kitchen is always looking its best.

### EASY TO USE

Moving pots and pans around on the Chef cooktops is made easy with the flat trivets on gas models.

# RANGEHOODS MADE EASY.

Even the best recipes can produce unwanted odours and greasy steam during cooking. Our rangehoods will help keep your kitchen fresher and cleaner and we offer three different styles; canopy, slide out or fixed. You can choose what looks and functions best in your kitchen.

## EASY TO MAINTAIN

Filters are easy to remove and can be washed in the dishwasher.<sup>^</sup>

## ODOUR FREE CARBON FILTERS

Carbon filters give the extra odour filtration required when ducted installation is not an option for your kitchen. (Additional extra)

## INSTALLATION FLEXIBILITY

Slide out rangehoods are designed to blend into your kitchen cabinetry. For a truly seamless look you can replace the front fascia\* with a custom made one that matches your cupboards.

### Venting kit not included

Venting or recirculating kits are required for installation. Ask instore for more information.

<sup>^</sup> 900mm slide out filter will not fit into a standard dishwasher.

\* Supplied by your kitchen installer or cabinet maker.

# FREESTANDING COOKERS MADE EASY.

When it comes to modern styling, supreme durability and safety features, Chef's range of freestanding cookers is the perfect choice for your kitchen. With a class-leading 80L gross oven capacity, you'll enjoy cooking for any occasion. Plus, our innovative anti-tilt technology provides the ultimate cooker

stability, while seamless easy-clean features save you precious time.

Proudly Australian designed to complement any kitchen, Chef freestanding cookers are available in electric or gas with everything you need to make cooking a breeze.

## CLASS-LEADING CAPACITY

With a 80L gross oven capacity, Chef freestanding cookers have one of the largest cavities in their class. And that means you can entertain guests and cook big family meals with absolute ease.

## COOL GLASS DOOR

Designed with a cooler surface temperature, the oven door provides peace of mind with a special thermal coating for added safety.

(Grill in oven models only.)

## HANDY SEPARATE GRILL

Now you can grill and bake at the same time while keeping different cooking flavours and smells apart.

## EASY-CLEAN CONVENIENCE

Save time and elbow grease with specially formed shelf supports and acid-resistant enamel. Plus, the removable glass door system allows for quick and easy cleaning and no trapped grease. With a Chef freestanding cooker, a simple wipe clean is all you need.

## MODERN STAINLESS STEEL

Enhance the look of your kitchen with a Chef freestanding cooker. Now available in a stylish stainless steel finish, you can enjoy a sleek built-in oven aesthetic with full glass doors and a grill in the oven.

## COOKTOP OPTIONS

Choose from our practical range of electric cooktops with standout features like easy-clean solid or sleek, flat ceramic hobs. Selected gas models also include a wok burner, which is perfect for stir-fry lovers.

## TOP SERVICE

Top Service encompasses the after sales service provided by The Electrolux Group to consumers including delivery, home service and spare parts.

### Warranty

Electrolux Home Products Pty Ltd and Electrolux (NZ) Limited (collectively Electrolux) warrants that for domestic applications the Appliances featured in this brochure are free from defects in materials and workmanship for 2 years and warrants that for featured accessories a period of 12 months, following the date of original purchase and subject to the conditions set out in the warranty card accompanying the product when purchased. This warranty is in addition to the other rights and warranties you may have under the Australian Consumer Law (ACL) and Electrolux will at all times comply with its obligations at law including the ACL. For New Zealand customers Electrolux will at all times comply with its obligations pursuant to law including the Consumer Guarantees Act, the Sale of Goods Act and the Fair Trading Act. Where appliances are purchased in NZ for commercial purposes the Consumer Guarantees Act does not apply.

### † Product information

The descriptors and illustrations in this publication apply to the specific products and models described as at the date of issue. Under our policy of continuous product development, product specifications may change without notice. Prospective purchasers should therefore check with their retailer to ensure this publication correctly describes the products that are being offered for sale. All information supplied is to be used for general reference purposes only and is provided on the understanding that Electrolux will not be liable for any loss, liability or damage of whatever kind arising as a result of reliance on such information. Colours of products illustrated are as close as printing limitations allow and may vary slightly.
