

Clipsal Jointing Cement

Stick with it for safety and strength

A safer bond in a squeeze bottle

Clipsal, Australia's largest electrical manufacturer, has a strong dedication to the preservation and protection of our environment, especially in the development of new products.

From this commitment comes Clipsal Safety Cement, safer for the user and the environment due to a single low toxic biodegradable solvent that actually offers improved bonding.

The cement is available in 125mL and 250mL twist top squeeze bottles for easy, no spill use in even the tightest situations. With virtually no odour or fumes, it is ideal for use in confined spaces or areas with poor ventilation. The bottles are also safe to transport and store, having high chemical stability and low flammability.

Now safer for you and the environment

Safety Jointing Cement

Cat. No.	Volume
240/125GR	125mL
240/250GR	250mL

An improved range of PVC Solvent Cements

Clipsal PVC Solvent Cement Range

Other improvements have also been made to our PVC solvent cements which consist of a Standard Clear Cement and a Medium Gap Filling Cement in blue and green.

All cements are now benzene free for greater safety and thicker in consistency to avoid spillage. These cements have also been newly packaged in longlife, airtight storage containers.

The Standard Clear and Medium Gap Filling Blue Cements are available in four different container sizes, each with a brush incorporated into the lid. Medium Gap Filling Green Cement is also available in a twist top 250mL squeeze bottle for no spill safe handling.

Medium Gap Filling Green PVC Jointing Cement	
Cat. No.	Volume
240/125GR	125mL
240/250GR	250mL

Standard Clear PVC Jointing Cement	
Cat. No.	Volume
240/125CL	125mL
240/250CL	250mL
240/500CL	500mL
240/1000CL	1000mL
