4SS015

4SS025 Twin Outlet Model

A stand-out product in the 4SSO series, is the twin outlet model (4SSO25). Unique to Clipsal, the flexible twin outlet model is available in switched 10A and 15A, double or single pole options. The double pole model meets the strict safety regulations required for building sites, caravan and mobile home applications.

4SSO Series DIN Rail Mounted Switched Sockets

Clipsal are pleased to announce we have now expanded our range of the popular DIN rail mounted outlets. The 4SSO series sockets are particularly useful when used in power supply applications such as temporary power on building sites, additional outlets in switchboards or meter enclosures. This innovative new range is available in both four and eight module wide units and features easy access to terminals for quick fit off.

Extra Strong Mounting Brackets

The new 4SSO series also features extra strong mounting brackets for extra strength in aggressive temporary power supply applications. This coupled with the use of the reliable Clipsal 15 Series Mechanism in the new range, means that you can expect years of dependable service from these sockets.
