Time remaining display

Load sensing

Water safety system

Delay start
The wash programme may be started after a designated amount of time

Tablet option

Durable stainless steel tub

BENEFITS

Simple to use controls

This dishwasher features a simple push button control with a button for each program.

A faster wash

When you're in a hurry or only have a partial load to wash, the Quick 30 program is the perfect choice. This 60-degree wash ensures sparkling dishes every time.

Saves water

With today's climate challenges, we need to do what we can to save water. That's why we offer 4.5 star WELS water rated dishwashers, so you can make a better choice for your future.

More stable with soft spikes

Now you can prevent glasses from falling over, breaking or cracking in the dishwasher. Our clever soft spikes help keep your glasses stable and reduce the likelihood of breakages.

Easy-lift upper basket

The top basket height can be easily adjusted to accommodate large plates and platters in the lower basket, even when fully loaded

Auto Off

With the Auto Off feature the dishwasher will automatically shut off to keep energy consumption to a minimum.
