a 10AMP plug.

5 MULTI-FUNCTIONS:

FULL GRIL

Full grill is the perfect option for quick grilling. Toast your favourite meals or finish off the tops of your recipes.

DEFROST

In defrost mode, no heating elements are used. Only the fan is activated to circulate air inside the oven for defrosting and not cooking the food.

OVEN LIGHT

The oven light will automatically turn on once any function is selected, helps to monitor the progress of your cooking.

FAN FORCED COOKING

For the ultimate roast or perfect batch of pastries. The element surrounding the fan delivers even heat for even cooking results, approx. 160°C - 180°C is recommended.

FAN GRILL

This function is perfect for fish, chicken fillets or meat cutlets. This combination is exceptional for cooking meats such as poultry, game and roasts, making them crispy on the outside and tender in the middle. The door can be left closed whilst grilling and browning will occur from the top element. The fan circulates the heat for all over cooking.

PRODUCT DIMENTIONS:

TRIPLE GLAZED EASILY REMOVABLE DOOR

This oven is equipped with a triple glazed glass door; ensuring minimal heat will escape during the cooking process. Also to ensure a hassle free clean, the oven door can be easily removed by simply unclipping the inner glass.

CAVITY COOLING SYSTEM

To ensure that control knobs are constantly cool and surrounding cupboards are protected, the EP6004SX oven has a contained cavity cooling system with internal cooling fan.

CLEANING AND MAINTENANCE

Easy clean AAA grade enamel interior.

Clean stainless steel using only recommended stainless steel cleaning products. No abrasives, corrosive detergents, bleaches or acids not required for cleaning the oven.
