

WALL FAN INDUSTRIAL/COMMERCIAL

Description:

These wall fans move large volumes of air, ensuring good circulation and a cool environment. The Industrial Wall Fan is suited to industrial applications of air circulation and cooling in large factories and warehouses. The fan possesses a vertical tilt adjustment and adjustable 90° oscillation to ensure good coverage. Powered through 240V energy efficient motor with 3 different speed settings to choose from, with an added pull cord ensuring greater safety in the workplace.

The Industrial Wall Fan ensures that an area of up to 110sqm is covered. The quick release clips make for easy cleaning and maintenance.

The Industrial Wall Fan is an economical, low powered fan that is cheap to run and ultimately good for the environment.

Features:

- ⊕ Premium quality fans
- ⊕ Full range of sizes to suit any application
- ⊕ 3-speeds and 90° adjustable oscillation
- ⊕ Low wattage means cheaper running costs
- ⊕ Quick release clips on guards for easy cleaning
