# CIARA™ Series

DXC05ZTLA-W outdoor unit shown

## Wall Mounted

**1.5kW | 2.0kW | 2.5kW | 3.3kW | 5.0kW | 6.3kW | 7.1kW**

The NEW Ciara™ series of split systems incorporates stylish Italian design, with rounded contours and a sleek finish. Compact and lightweight, the Ciara™ series is packed with features including Wi-Fi and Voice control compatibility built-in as standard. Available in reverse cycle including a NEW 1.5kW capacity, the Ciara™ series is perfect for small-medium spaces.

- BUILT-IN WI-FI**  
 Wi-Fi & voice control compatibility now included as standard\*. Control your air conditioner anywhere, anytime with your smartphone.
- BACKLIT REMOTE CONTROL**  
 Simplified and easier to use remote with backlit screen for dark/night time operation. More accurate temperature control via 0.5°C increments.
- SILENT MODES**  
 Two levels of silent mode are available to further reduce the outdoor unit noise level.
- COMPACT DESIGN**  
 A compact and lightweight design allows for improved installation flexibility and installation into existing or smaller spaces such as apartments.
- JET AIR TECHNOLOGY**  
 Air flow is regulated using the same blade technology as that in jet engines which produces powerful, yet efficient air flow.
- ALLERGEN CLEAR FILTER**  
 Captures airborne allergens such as hair, pollen and dust particles before neutralising them and any bacteria using specially formulated enzymes.

\*1 Air-conditioners added or removed by the Smart M-Air smartphone application can now be used on smart speaker.

\*2 Support function may be expanded in the future. For the latest support, go to the Smart M-Air skill overview page in the smart speaker settings application.

\*3 An example of voice command is when you set the air conditioner name to "LIVING ROOM" in the "Smart M-Air" smartphone application or the smart speaker setting application. Replace " " with the name of the air conditioner you set.

\*4 For the voice command example for Google Assistant™ Please refer to our manuals

- The voice control function is available in selected countries. For more details please check with your installer for availability.
- For some models, the wireless control system may not be applicable. Change operating mode (Auto/Cool/Heat)

# SMART M-AIR APP

Application compatible model: Android™ OS 8-12 smartphones and tablets, iPhone for iOS 12-15

## FUNCTIONS

- Turn ON/OFF
- Change operation mode (Cool, Heat, Dry, Auto)
- Control temperature
- Set Timers
- Favourite setting

## NOTIFICATION FUNCTION

- Shut-off reminder alert
- Hi temp / low temp alert
- Watching function
- A notification will be sent to your smart device if the air conditioner is accidentally left running

## WEEKLY TIMER

Timers can be set for different days of the week. They can also be set from the calendar.

## HOME LEAVE MODE

Heating / Cooling operation is automatically turned on when the room temperature is lower or higher than the set temperature.

## VACANT PROPERTY MODE

Temperature can be set as follows:

- Cooling 31°C to 33°C (interval 1°C)
- Heating 10°C to 17°C (interval 1°C)
- Only “Cool” and “Heat” operation modes can be selected.

## VIEW POWER USAGE

Displays power usage by month on a graph. You can also set the electricity unit cost.
